Natalia is the author of the blog Funny Fashion. She started to blog when she was only eleven. Now she is 15 years old and she is a famous and successful fashion blogger. There are more than one million fans of her blog.

1. How often do you post new things on your blog?
2. Where do you buy your clothes?
3. What do you usually blog about?
4. Who is your fashion idol?
5. Why is your blog called Funny Fashion?
6. What are you wearing now?

A

Because I want to make fun of fashion a bit, not to take it too seriously. I want to show to young people what is modern and not too expensive at the same time. They have a lot of cool stuff in their wardrobes, so they don't have to spend lots of money in clothes shops.

B

I blog about everything related to fashion. What you can wear to school, to a party, when you go out with friends... I take selfies and post them on my blog. I write about what I wear and why and how you can combine stuff so that it looks elegant or cool.

C

Twice a day. In the morning I post what I am wearing for school. It is usually something more formal or neutral like a blouse and jeans and a sweater. And in the afternoon, I post a picture of what I am wearing for the rest of the day. When I go shopping I usually wear leggings, high heels and a long T-shirt. When I go out with friends I wear something casual – a T-shirt, shorts and a jumper. When I go inline skating or I do some sports I wear nice and comfortable sports clothes.

D

In chain stores or clothes shops. Sometimes also in second hand shops. You can get really cool clothes for nothing, and it's still good quality.

E

Selena Gomez, definitely. She looks very sophisticated for her age. She is really classy. I like her style very much.

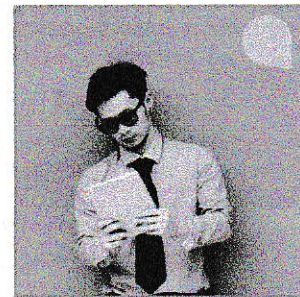

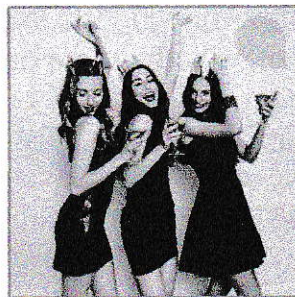

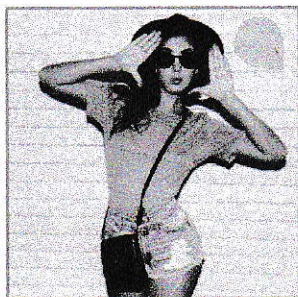

F

Oh, good question. I am wearing a sleeveless top and tight jeans, a silk scarf and a beautiful necklace and earrings. Jewellery is also very important for your personal style.
